

Y12 10 Art Trip Review

I really liked this trip! I enjoyed seeing the wide range of art styles, materials used, and architecture.

I especially liked the boat exhibit because of the varying materials used.

A highlight of the trip was drawing the buildings outside Buckingham Palace and being able to walk around such a historical place

if I could buy anything from the trip, it would be this →

overall, I give this trip five stars!

Breaking 4th Wall

This was my favorite painting from the exhibition: I thought it was very poignant and beautifully painted. I spent like, 7 minutes staring at it.

I liked the different dogs I saw in the paintings!
